

Car phone holder CUERO

Code: **17714-02**

Price: **€4.00** Net

CUERO is a very convenient gravity phone holder for installation in the car's air vents. When the phone is in the holder, its weight causes the arms of the holder to tighten and the device is effectively prevented from falling. The handles are covered with rubber on the inside, which improves the stability of the grip. The holder fits phones with a width of 65-88 mm, the phone should not be in the case. Thanks to the imitation of the leather surface, it will look great in your car.
