The VIDIA desk lamp is a practical desk lighting solution with three lighting modes: faint, medium, and bright, allowing you to adjust the brightness to your specific needs. The upper part of the lamp is equipped with five LED lights, while the lower part features twelve LED lights. The VIDIA lamp can be powered in two different ways: through a USB cable or with three AAA batteries. This versatility enables you to use it both while working at your desk, by connecting it to your computer, and in places where access to a USB port is limited, utilizing batteries. USB cable included
